

CS401: Artificial Intelligence

Assignment No 1

Assignment Statement

Several online chatbots can be found online along with several free services for creating such chatbots. In this assignment your main task is to find at least three different online chatbots and select the best of these chatbot.

Submission

Prepare a one page write up describing the online chatbots you found and experienced chatting with. Also describe in detail the most promising features of the best chatbot you found.

[BONUS]

Use existing technologies to create a chatbot that act as your avatar and place it on your personal website.

The bot must be able to describe your main attributes and your future ambitions. Any one conversing with your chatbot must get reasonable answers for all basic questions about you.

You must share with us the URL of your website containing the bot.
